

Pro Cable Management

DIY - Under Desk Cable Basket - **Pricing**

Valid from OCT 2022

100mm WIDE @ 50mm High

Our DIY under desk cable baskets are perfect for home and office applications. Lift all the cables from the floor to under your desk and neatly stow them away. You can mount both power and data on the same tray with easy access after installation to add and remove cables, plugs, multi-plugs etc.
